

GAZ PENDANT LIGHT IN BLUE ENAMELLED SHEET, C.1880

REF: 1863

DESCRIPTION

Unusual model because of its size and blue cobalt color, note the reflector and the original gas supply chains (permanently blocked on the open side.) Some snags on the sheet accentuate the typical character of this lamp. The gas supply system has been converted to accept four E14 or E17 sockets.

dimensions: 75 cm H x 40 cm Shade Diameter
